3 in 1 Presentation

This presentation is a condensed version of the Lead. Inspire. Educate, Education Unscripted, and Teachers College Presentation presentations. At times when a group is only available for one meeting, it is imperative to communicate a complete message.

An effective 3 in 1 Presentation is:

- More broad than any of the individual presentations being combined
- A broad overview of education to help participants discover if they want to further consider education
- Delivered in 40-50 minutes, one typical high school period

An effective 3 in 1 Presentation includes:

- All desired information regarding the field of education and your particular institution
- Opportunities for participants to connect the presentation to themselves
- Presenter testimony and experiences to personalize the messages

Tips for an Effective Presentation

- Read the entire presentation thoroughly
- Rehearse the presentation aloud and time your rehearsal
- Print out supplementary materials ahead of time
- Ensure necessary presentation technology is functioning properly
- Arrange the room to suit the needs of your presentation
- Clearly display and distribute materials for the presentation
