PREPARE FOR A REWARDING CAREER IN THE COMMUNITY WITH A DEGREE THAT COMBINES EFFECTIVE EDUCATION PRACTICES WITH COMMUNITY SERVICE EXPERIENCE

Educational Studies Degree Program

The community is your classroom

Become an educator in a variety of careers

The bachelor of education degree in Educational Studies offered by Mary Lou Fulton Teachers College is designed to prepare students to work with children, youth and adults in nonprofit settings, community institutions, civic organizations or businesses. A minor is also available for Arizona State University students in other degree programs. The degree does not lead to teacher certification.

As an Educational Studies student you can:

› Learn the latest educational theories and best practices that can be applied in a variety of settings
› Gain real world experience with four semesters of service learning internships that include academic coursework and service activities with community organizations and social service agencies
› Choose an area of emphasis and customize your degree by taking courses in Early Childhood Education, Educational Technology, Environmental Education, Games and Learning, Learning Outside of School, and Physical Activity and Coaching

Prepare for a rewarding career in the community

Education is more than teaching. The Educational Studies degree can open many possibilities for students to make a difference in our community.

You can teach grades 7-12 by earning a Certificate in Secondary Education. Use your knowledge to help children and youths reach their potential.

In just two full-time semesters, you can become qualified to teach middle and high school students. Combine your major with coursework and clinical experiences to earn a Secondary Education Certificate from ASU. The certificate program integrates teacher preparation with your academic specialization.

Enrollment requirements:

- Enrolled at ASU as an undergraduate degree-seeking student
- 2.5 cumulative GPA
- Valid Arizona IVP DPS fingerprint clearance card (can take 4-8 weeks to obtain a card)
- Passing score on the appropriate Arizona Educator Exams (AEPA/NES) in the following content areas: biology, business, chemistry, Chinese (Mandarin), earth and space science, economics, English, French, general science, geography, German, history, mathematics, physics, political science, Spanish
- The majority of coursework in your major completed prior to enrolling in the certificate program
