Early Childhood and Special Education-Exploration Event

There are several types of teacher certification and future students should thoroughly explore their options before making a decision. Recruiters should create events to facilitate this exploration and promote it to future students. This flyer may be used to drive attendance to an event where guests explore education program options.

An effective Early Childhood and Special Education-Exploration Event is:

☑ Engaging to all participants
☑ Logistically simple from registration to attendance
☑ A positive reflection of the Teacher Preparation Program and the field of education

An effective Early Childhood and Special Education-Exploration Event includes:

☑ Exciting information from charismatic in-service educators and students
☑ Highlights of the unique aspects of highlighted programs
☑ Space for participants independently explore, learn from experts, and meet individual needs
