Part 3 – Articles ........................................................................... 2
Part 4 – Updates .......................................................................... 3
Part 5 – Verify Profile .................................................................. 3

Part 1 – Getting Started
1. Log into your personal, non-ASU affiliated Google/Gmail account. (CAUTION!!! If you use your ASU email address, and then lose access to your ASU email (you no longer work here) you will not be able to access your Google Scholar account. This is why it is recommended to use a personal email address that will always be accessible.)

2. Create a Google account if you do not already have one.

3. Go to scholar.google.com

Part 2 – Profile
4. Click on My Citations
5. Enter the following:
   a. Name
   b. Affiliation
   c. **ASU email address for affiliation verification** *(CAUTION!!! You will NOT be able to verify your affiliation with ASU if you do not enter your ASU email address. **DO NOT** enter your personal non-ASU affiliated email address in this area.)*
   d. Area of interest
   e. Homepage (if applicable)

   ![Google Scholar Account form](image)

6. Click **Next Step**

**Part 3 – Articles**

7. Find your name (If you do not have any articles associated with your name, scroll down to the bottom of the page and click the **Skip This Step** link and then go to the **Part 4 – Updates** section on the next page.)

8. Click the **See All Articles** link under your name.

   ![See all articles](image)
OR
(For those with only one article associate with their name)
a. Review the article and determine if you would like it to be added to your profile.
b. Click the Add Article button if you would like to add the article to your profile.

Gloria Espinoza

Prevalence of human papillomavirus infection among women presenting for cervical cancer screening in Chile, 2014–2015
M Balanda, A Quiaro, N Vergara, G Espinoza... - Medical microbiology and immunology, 2016

Add article

9. Review your articles.

10. Uncheck the box next to any article that you would NOT like to be associated with your Google Scholar profile.

11. Click the Add button when you have completed your review.

Part 4 – Updates

12. Select one of the two options provided for updating your profile.
13. Click Go to my profile.

Part 5 – Verify Profile

14. Verify your email address (Google Scholar will have sent you a verification email to the asu.edu address you provided when creating your profile.)
